Subject: [EXTERNAL] CONVID-19 Local Orders

Jeff Burrows did receive my earlier email and I did look up your October 28, 2020 statement on COVID-19 cases in Ravalli County. The first 4 guidelines are ok. They just don't address the situation where Ravalli County has had 213 new cases in the last 14 days for a total of 503 cases with 4 deaths.

I took Jeff's challenge in his reply and looked up Missoulainfo.com and Missoula City -County COVID-19 information (Our Current Goal). I then went to Directives - State and Local Orders.

I recommend you and the County Health Department adopt some orders that address the problem similar to Missoula County. Some people/businesses will not be pleased, but the results that you have obtained thus far are not addressing the problem and reducing new cases.

As leaders you may not be popular, but the time has come to step up.

Sincerely, Don Nelson, P.O. Box 487, Florence, MT 59833
