Subject: [EXTERNAL] Covid 19

We in Montana have now suffered 472 Covid 19 deaths this year with 499 currently hospitalized in our increasingly overrun hospitals. Marcus Daly has had to send some cases out of state. Last year the state suffered 168 auto deaths and we mandate seat belts and occasionally ticket those who don't wear them. No doubt we would have far more auto deaths if we did not wear them. We are on track to have THREE times that many deaths from Covid 19 this year and you remain unwilling to implement Governor Bullock's mask mandate. I listened to some of the recent commissioner's meeting on this topic and was appalled by the lack of factual information being stated. Masks DO work. When will you mandate their usage? Andrew Massie
