Subject: [EXTERNAL] Golf course and Marcus Path

Commissioners,

I am writing to show support in regards to the project on Golf Course to Marcus for a public accessed pathway. As someone who lives in Corvallis but used to live within town off of Hattie lane previously, I am very aware of some of the troubles in the area with not having enough areas for folks to walk and bike safely through Hamilton. Especially those that are trying to find other ways for their children to get to school other than by bus or car. My husband and I are enthusiastic bicycle riders and something like this would have been wonderful when we lived in town and our preferred method of transportation. It would be a great connection piece for more access into town and I think that it would be such a valuable element to the community and what many of us value living somewhere such as here.

I am writing in the hopes to help persuade you into agreeing to pass the permit bring reviewed on November 17th.

We would love to see more projects like this in our community.

Thank you for your time.

Olivia Soller
