Subject: [EXTERNAL] Tammany Trail Encroachment Permits

I understand you are considering a request for encroachment permits for Golf Course Road and Tammany Hill. My understanding is that these points of ingress will provide access to the property for the purposes of a publicly accessible, non-motorized trail through private land. This is a great project that will help provide safe routes for pedestrians travelling between the Golf Course Road neighborhoods and Hamilton. This community needs more of these types of voluntarily provided amenities. I encourage you to support this request.

Thank you,

Kyle Barber
