Subject: [EXTERNAL] Western States WUI Grant – Request for Project Information

Commissioners,

Please see below from the Montana Department of Natural Resources & Conservation.

Thank you,

MACO STAFF

Montana Association of Counties

Good afternoon,

The Department of Natural Resources and Conservation's (DNRC) Forestry Assistance Bureau is now accepting **project ideas** for the FY22 Western States Wildland Urban Interface (WUI) Grant Program.

The WUI Grant Program supports Shared Stewardship, state Forest Action Plans and the goals of the National Cohesive Wildland Fire Management Strategy. WUI Grant projects are intended to be: outcome-driven; cross-boundary; innovative; and meet priority needs. Qualifying projects should fall into one or more categories: reduce hazardous fuels in the WUI; WUI-based prevention and education; CWPP development.

Please review the attached Request for Project Information for project idea submission requirements.

Thank you for your consideration,

Ashley Juran

Forest Stewardship Specialist - Montana DNRC
