

Attention:

Ravalli County Landowners

Free education on taking care of your land!

Have you ever asked yourself these questions? If so you need these free classes.

What is this weed? How much chemical do I use? Is this the right chemical? My neighbor's weeds keep coming on my property, what can I do about that? Isn't there a bug for this weed? Do I have to use chemical? What grass or other plants should I be planting? Oops, did I just kill my wife's flowers and trees? What do you mean I have to calibrate my sprayer?

All Classes are 6pm to 8pm
