The ~~Bitterroot~~ Community are waiting to hear what the responsible Commissioners are doing about the TRAFFIC Congestion in Hamilton and Av. 93.?

You must have known at some point that Hamilton was going to see an increase in population and housing.

Sitting through lights 2 & 3 times before we are able to get through a light is ridiculous. If you are at all conscious, you too see the bumper-to-bumper traffic in town.

Our roads are not equipped to handle the influx of cars - nor are the traffic lights.

Our next letter will  
address in the Ravalli  
Republic Newspaper and  
the Missoulian if no clear  
response.

It appears there are  
8 Commissioners in Ravalli -  
= Step up - and figure  
this problem out. It's NOT  
Signed away!
