Dear County Commissioners:

I understand the Golf Course Rd. walk-way funding has not been approved. That really saddens me.

On Thursday I had to push my grand daughter in her stroller from my home on 372 Golf Course Road into town. It was really scary. Several cars stopped as I was pushing her down the hill and I was very nervous.

I was walking on the south side of the street facing the traffic and I noticed that with little effort a pathway could be excavated. I know it will be expensive to pave an area there, but couldn't some kind of machine just scrape the dirt along the road to make a wider pathway for those of us who have to walk.

Please consider this very important project.
