Missoula County Commissioners, Missoula County Health Board,

Ravalli County Commissioners, Ravalli County Health Board,

August 24, 2021

Be it known by our signatures, freely affixed to the included documents, that We, the People are declaring our opposition to the unconstitutional and illegal edicts, mandates, and restrictions resulting from the so-called existential crisis of the Covid pandemic.

We are not willing to nor will voluntarily participate in any forced measure related to the disastrous Covid spectacle including, but not limited to: face masking, mandatory inoculations, medical passports, social separation, closures, lockdowns, etc.

As free citizens of the State of Montana and the United States of America, we demand and order that our constitutionally guaranteed rights be restored immediately and that no further attempts be made to compromise and infringe them.

This document is a statement. It is not a petition. We are declaring that we will live as free people. We are not asking for permission to do so. You have been notified.
