Hamilton, MT 59840

Gentlemen:

I'd like to propose a simplification of the speed limit on Victor Crossing. The stretch is about 2 miles long, of which approximately ¼ mile is posted at 45 MPH and the rest is posted at 35 MPH. I was stopped by an MHP officer on the 35 MPH stretch because I was driving 45. I was in the wrong and he was absolutely doing his job and he was an exemplary officer. I have no complaint about that. I did drive the stretch again abiding by the posted limits. It was agony. I submit the whole stretch should be 45 and I would request you drive it yourself and see if it's a reasonable request.

Respectfully,

Dana Mortensen
