Subject: [EXTERNAL] Ravalli County Health Board

Dear Board Members,

I am writing to add my voice to support of County Health Officer Dr. Carol Calderwood and Public Health Nurse Tiffany Webber. Our country, state and county have been facing this pandemic since early 2020, and it has been a struggle not only for those who have caught the virus and their families, but for the healthcare industry, who has tried to stay ahead of it, inform the public, and provide adequate care for a novel virus, tasks that would not be easy under the best of circumstances.

Unfortunately, our health workers have not been afforded "the best of circumstances" during this time, as this virus and their efforts have been politicized, and efforts to inform and safeguard citizens have been seen, by some, as encroaching on their rights, and efforts have been made to intimidate, slander, and stop these dedicated workers from fulfilling their duties, which they appear to have done with remarkable diligence.

I hope Dr. Calderwood and Ms. Webber will be afforded the safety and security they require to continue to do their jobs without risk of personal harm or removal due to misguided public efforts.

Thank you,

Michelle Faith Heald
