Subject: [EXTERNAL] Open letter of support for Ravalli County Public Health Officer Carol Calderwood MD and Public Health Nurse Tiffany Webber

Please share with members of the Board of Health-

I am writing today to express my support for the excellent job the Public Health Department staff has done and continues to do, in their efforts to protect the health of the residents of Ravalli County under increasingly difficult circumstances during the ongoing pandemic. Dr. Calderwood and Ms. Webber have borne the brunt of vocal protests by members of our community, including our elected representation, who are promoting misleading and medically unsubstantiated opinions that are not in the best interest of maintaining the health of our residents.

I know that I am not alone in respecting the medical professionalism with which Dr. Calderwood and Ms Webber have continued to carry out their duties.

Please know that there are many members of our community who support their efforts to do their jobs with the safety of our community as their guiding principle.

With deepest respect,
Corrine Gantt
