Virtual International Survivors of Suicide Loss Day

Each year the American Foundation for Suicide Prevention supports hundreds of large and small Survivor Day events around the world.

While each event is unique, all feature messages of growth, resiliency, and connection

This year in Montana on Saturday, November 20th, 2021, a virtual event was held for all of Montana to come together to find connection, understanding, and hope through shared experiences from the loss of loved ones to suicide.

"October Employee of the Month"

Jessica Lawrence, Recovery Operations Manager

Nominated by Jackie Denegar

Jessica was my supervisor back when I started my HSS position. She took a hiatus from the Center and back as a Youth Case Manager. She has exemplified the value of Show Up. Step In. and Embrace Change when she came back to the Center. Jessica has always said she "loves case management." As a former supervisor, Jessica has so much knowledge about the services available for our clients/families and knows so many people who work in our industry in this area. She shows that Individuals Matter when she takes the time to talk to clients...and when she finds the time to staff with co-workers regarding mutual clients. As our only case manager, she Owns It and asks for time to get caught up while managing all her responsibilities with grace. She is an Ambassador of the Center when she actively tries to gain new clients to serve. Jessica – you work so hard, and I see you and support you. You deserve this!

CONGRATULATIONS JESSICA!

"November Employee of the Month"

Holly McMullen, CSCT Behavior Specialist

Nominated by Jessica Lawrence

Holly is a super star achiever! She is always willing to assist whenever and wherever needed. Currently, she is working at her home school, Chief Joe Elementary and has been assisting at Great Falls High. She consistently meets productivity and is always in compliance with paperwork deadlines, despite all the directions she is pulled into. She is a self-starter and highly motivated to succeed. She has a strong skills set for re-direction of clients and assisting with crisis situations. She remains calm and consistent, even with chairs flying at her head (literally). All of these are descriptive to why she is: Ambassador of the Center, Shows that Individuals Matter, Creates Joy, Embraces Change and Shows Up. Steps In. Thank you, Holly, for all that you do! You are appreciated!

Congratulations Holly!
