Dear Ravalli County Commissioners ~

We wanted to say thank you for your support & granting us \$10,000 to help pay for the Golf Course Road Conceptual design. We appreciate your faith in us to make the road safer for all. This is just the beginning of an exciting but more than likely long journey & we look forward to working with you as we progress. Thank you for recognizing & understanding how important this project is to our family. Alysa & Phil Leonardi
