Hi! This is in response to the discussion about Klememts Lane. I have lived on the Lane for over 40 years. I was one of the original residents who helped in getting the Lane paved , approximately 39 years ago. We worked with the County to bring this about. We even payed a portion of the cost to make this happen. I ask you to please allow theLane to be paved!. There are so many factors we would like you to respect. and consider. When the fire camp went in, a few seasons ago, we were told that the road would be maintained, by the funds from the camp. We now know thats wrong! When the value of our property will depreciate, while others goes up is not right. Please support the paving on the Lane! Thanks, David J. Klein
