Subject: [EXTERNAL] Klements Lane

To whom it may concern :

My husband and I have lived on Klements Ln for seven years now. It has recently been brought to our attention that there is discussion concerning the state of our road. I would like it on record that we strongly oppose the proposition to have Klements Ln turned into a dirt/gravel road. We have lived with and dealt with the poor state of Klements Ln continually hoping that it would be improved. In 2017 the fire camp was located on Klements Ln - as was a base camp for National Guard. This brought not only heavy traffic to our road but also constant heavy machinery which undoubtedly caused further damage to our road. Still, our road maintenance has been sub par at best. That being said - the patching on the existing paved road is still preferable to any sort of dirt/gravel/Unpaved road. My husband works in the automotive field and we have major concerns about the wear and tear that an all dirt road would cause to our vehicles. I hope that you will take this all into consideration - that you would remember it's not just a road - it's our road home. Thank you in advance.

Aly & Kevin Nielsen
5687 Klements Ln
