Good evening to you all. I sincerely have such respect for you all for your service to our community. I am one of the ones that live on one of the roads that is planning on being dug up and turned back to dirt. I find it pretty hypocritical that the planning boards make new sub divisions all have paved roads and then you dig paved roads up and replace them with dirt. It is way safer for the children of our community to have paved roads to bike on and people in general to walk along than a vehicle coming by you on a dirt road. I hope you find it in your hearts to find a way to keep our roads paved. Thanks again for your time.

Mary Zeiler:)
