Subject: [EXTERNAL] Klements lane

My name is Jim Duffalo and I am at home owner at 5472 Klements lane in Florence and as tax paying citizens of Ravalli County we strongly disapprove of the removal of asphalt on Klements Lane returning it back to dirt and gravel as it was 36 years ago with mud,rocks,dust, and ruts that will be Unavoidable and more costly to maintain then asphalt in the long run. Klements went lane was chosen to be paved 36 years ago to avoid the issues you're expecting us to endure again at the cost of our property values dropping due to a dirt road instead of a paved road to our homes. This road also sustained extensive damage due to a fire camp in the year 2000 and we were told at that time that the DNR see was providing money to repair Klements Lane where is that money?? We purchased our home on Klements Lane For several reasons but here are a couple it was close to Florence and a paved Lane to our home which meant we did not have to deal with silica dust hazardous road sprays dust abatement potholes mud ruts etc. etc.

Please see that it is necessary to repave Klements Lane as soon as possible and not to revert it back to a dirt Horse and buggy wagon track Road!!

Sincerely, concerned and disgruntled Klements Lane resident!
