Subject: [EXTERNAL] Follow Up Meeting 3/30/22, Foresetview Homeowners Association

Commissioners Burrows, Chilcott, and Hula,

Thank you for the opportunity to address the roads proposal on March 30 on behalf of our association, and for your responses during the session. I greatly appreciated your candor and forthright comments as you shared the county's situation. and your willingness to work with us to explore alternative solutions before a decision is made. We know such decisions are not made lightly, and we are grateful that you are willing to look at all options with us before making a final choice. Thank you for that.

In reference to the specific situation of Forestview Estates, we look forward to following up on possible options concerning Carlton Drive, N. Barbara Lane and Helen Court at a mutually convenient time in the near future. At the meeting Commissioner Burrows indicated that it would appropriate to have these discussions with a commissioner. I realize this is not the only item on your agendas, so we are certainly willing to work on convenient time frames. For now, if you could, at your convenience, communicate which of you would be the appropriate contact going forward, we can work on scheduling meetings and next steps that work for us all.

Again, thank you for your courtesy, consideration, and responsiveness on Wednesday. I look forward to hearing from you at your convenience.

Sincerely,

David Blackwell

Board of Directors
