Subject: [EXTERNAL] Save Ravalli County's Election: Hand Count the Ballot

Hello Ravalli County Commissioners,

Regarding Ravalli County election process, I have absolutely no confidence in a machine counted vote. I am demanding we cease and desist with voting machines in Ravalli County. It is time to stop trusting proprietary software that can be manipulated in real time, and it is time to return to a hand count.

I am alarmed by the ongoing litany of complaints from the election clerk on how hard it is to do the right thing and go the extra mile to secure our county's elections. There is no excuse for not using every resource and effort, pulling out all the stops, to get our elections done correctly, especially after the fraud of our last election. I expect more integrity and a solid commitment of this clerk, who we are paying with our taxes, to Ravalli County citizens. For elections, there is no room to settle for less. Is there concern about time and cost? There are plenty of committed and concerned volunteers in Ravalli County who are ready to be trained to get the ballots counted correctly. I am one.

I am in complete protest, but should the machines stay, the ballots will be hand counted so we have immediate proof that our vote is accurate. Additionally, every item on the ballot will be audited. We do not need to ask permission from anyone to do this either. It can be legally done before the box is sealed. Again, volunteers abound.

After what happened with the last election, there is no room to blindly trust the same system that was paid for and manipulated by traitors and globalists trying to destroy our nation. I say NO to outside influence of Ravalli County's elections, and I expect that as our representatives in the county, who took oaths to uphold our constitutions with utmost integrity and to represent the citizenry, you will do everything necessary to protect our election process. They are OUR elections.

Ravalli County will not back down and comply with a fraudulent vote. Ravalli County will stand strong for integrity and liberty.

Sincerely,

Gina Barnes
Stevensville, Montana
