Subject: [EXTERNAL] Election Integrity

Dear County Commissioners,

As our mid-term elections draw close, it is important that we have honest and non tampered elections. If our elections continue in the fraudulent manner as our 2020 election, we will quickly cease to be a republic and America will no longer be free. Ravalli Co., along with the rest of Montana and other states, need to secure the elections. The voting machines can be hacked. If we continue with them, we will need to incorporate more checks and balances. An additional audit can be done at the County level before the box is sealed, preferably before the ballots are sent through the machines. Volunteers trained in the process would handle the counting, at no additional cost to the taxpayer. This would verify our Ravalli Co. positions as well. Montana needs to be lead the nation in election integrity and hopefully inspirational for other states to clean up their voting procedures.

I appreciate your hard work in our election process and your care for Ravalli Co. citizens.

Thank you.

Thomas Gentry
