Subject: [EXTERNAL] Conflict over election and voter fraud

Understand the Nature of the Conflict

- The nature of the conflict is that it involves warning and teaching.
- And the nature of the conflict involves a clear goal.
- That goal is unity in the knowledge of the truth.
Become equipped with the whole truth to be able to stand against the schemes and trickery of the Devil.
So, you need to understand that it is a spiritual conflict. It is a struggle against Satan and his minions.
It used to be said, "They can only steal an election when it is a close election."
Times have changed as witnessed by the 2020 election.
The modern AI computer systems can manipulate the outcome and hide the evidence of the fraud no matter how wide the actual victory. (Trump = over 80,000,000 votes; Biden = less than 68,000,000 votes.)

Understand What's At Stake?

Understand why the conflict is vital.

Understand what is at stake in this conflict.

- The conflict is vital because it is against strong and serious opposition in the world.
- This conflict is not just up against human beings.
 - This conflict is not just up against this broken world-system.
 - This conflict is up against the one who is behind it – Satan himself.
- This conflict is vital because the current generation is at stake.
- Satan is looking for every opportunity to undermine and overthrow families.
- Satan is looking for every opportunity to undermine and overthrow local churches.
- Satan is looking for every opportunity to undermine and overthrow Academia.
- Satan is sowing the seeds of deviancy, and apathy in the hearts and minds of educators.
- This conflict is vital because the next generation of young people is at stake.
- Satan is looking for every opportunity to knock our young people off their feet.
- Satan is looking for every opportunity to implant doubts about the reality of the Christian faith in our minds.
- This conflict is vital because it means the difference between spiritual life and spiritual death.
- This conflict is vital because it means the difference between a life lived for things that are going to be burned up – "wood, hay, and stubble" and a life lived for God's glory – "gold, silver, and precious stones"
- This conflict is vital because it means the difference between national life and national death.
- This conflict is vital because it means the difference between accomplishing the purposes of being a great nation or being occupied with all kinds of things that don't matter, a nation that is an utter failure.
- This conflict is vital for educators because it means the difference between schools and colleges that are training young people to be authentic, and schools that are giving them a subtle and deceptive counterfeit – and sending them out into the world to infect the next generation with that same counterfeit, and even worse ones.

So you need to ask yourself.

"Do I understand why the conflict is vital?"

"Do I understand what is at stake in this conflict?"

The essence of this conflict is that it is a spiritual conflict.

Ephesians 6:12 **"We wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this age, against spiritual hosts of wickedness in the heavenly places."**

The nature of the conflict is that it requires fervent prayer.

With this foundation, the battle over this conflict needs to be waged and fought with the utmost urgency and determination to win against a powerful and devious enemy.

Do not accept a lesser victory than total destruction of the current AI computer manipulated election system along with all of the censorship, misinformation, disinformation and out right lies that have been inflicted into the modern technological election system.

i.e. Don't go for an ineffective sample audit that is just going to duplicate the fraudulent vote tabulations as has been done since 2008. Winning this little skirmish we lose the battle to save our nation from total collapse!

Mount an attack on the real and multiple fraudulent processes and censorship associated with the destruction of our nation through election fraud.
