Subject: [EXTERNAL] Election Integrity

1. I demand election integrity for all voters! It is not a request it is a demand
2. We need to go back to one vote, one day for voting on paper ballots in person with ID, Voting should be a responsibility of all voters if you can't vote on the one day to vote then it is not important to you! Most employers pay to go vote and for absentee ballots they must be verified by signature and birth date and address, again one vote!
3. All ballots to be hand counted period
4. Volunteers trained to process and handle the hand counting of ballots, and be equal hand counters for either parties to work TOGETHER for our votes to be correct and to have integrity
5. Our elections have consequences if not done correctly and fair. Our last election in 2020 proves that there was cheating going on and WE The People were asleep at the wheel. That need to come to an end not on these elections going forward.
6. Do not accept any money outside of taxpayer available funds going forward there is obvious corruption and manipulation going on with these funds no matter where or who they come from.

Thank you for your consideration in adding my name to the list of names that will volunteer to hand count ballots to keep our county free from election fraud.

Thank you,
Caryn Todd
