RE: Montana’s State Aging Plan Re-designation

Dear Commissioners:

The Department of Public Health and Human Services is required to re-designate every four years the planning and services areas it utilizes for services to older adults aged 60 plus. This process coincides with the four-year planning process and requires us to inform each County's Commissioners and each Reservation’s Tribal Council of options they have and to request written response unless they are going to remain in the planning and service area (PSA) they are currently part of.

This part of the planning process must be completed by, August 5, 2022, for the Area Agencies on Aging to have their plans drafted and completed by November 15, 2022.

Currently, there are ten Planning and Service Areas served by ten Area Agencies on Aging (AAA). Your county is served by Area VII Agency on Aging located in Missoula, Montana and the Area VII Agency on Aging Director is Lisa Sheppard.

The following are the options you may consider in this re-designation process for the fiscal years 2024 through 2027 (October 1, 2023 – September 30, 2027):

Option #1. You may retain Area VII Agency on Aging by simply doing nothing.

Option #2. You may request to be placed in another existing Planning and Service Area, which geographically borders your County, and choose to have the agency which is serving as the Area Agency on Aging for that Planning and Service Area designated as your Area Agency on Aging.

Option #3. You may request to retain the current Planning and Service Area but would like the Department to consider a new agency or organization to serve as the Area Agency on Aging.

Option #4. You may request to have your County designated as a Planning and Service Area and select an agency or organization to be considered as the Area Agency for the Planning and Service Area. Currently, there are ten agencies designated by the Office on Aging in the Department of Public Health and Human Services' Senior and Long Term Care Division to serve as Area Agencies on Aging.

Written responses, for any of the Options selected, need to include the rationale as to the County Commissioner’s reasons for changing and your recommendation regarding the agency you would like

REPORT OF THE COMMISSIONER OF THE GENERAL LAND OFFICE
IN RESPONSE TO A RESOLUTION OF THE HOUSE OF COMMONS
PASSED ON 17th FEBRUARY 1965

1. The General Land Office is pleased to have the opportunity to report to the House of Commons on the progress of its work during the year 1964-65. The Office has been particularly busy in the past year, and has completed a large amount of work in connection with the Land Registration Act 1964 and the Land Registration Act 1925.

2. The Land Registration Act 1964, which came into force on 1st January 1965, has been the main feature of the Office's work during the year. It has been necessary to carry out a large amount of preparatory work in connection with the Act, and this work has been completed in the main.

3. The Land Registration Act 1925, which has been in force since 1925, has also been the subject of a large amount of work during the year. This work has been carried out in connection with the Land Registration Act 1964, and has resulted in a number of amendments to the 1925 Act.

4. The Office has also been busy in connection with the Land Registration Act 1964, and has completed a large amount of work in connection with the Act. This work has been carried out in connection with the Land Registration Act 1964, and has resulted in a number of amendments to the 1925 Act.

5. The Office has also been busy in connection with the Land Registration Act 1964, and has completed a large amount of work in connection with the Act. This work has been carried out in connection with the Land Registration Act 1964, and has resulted in a number of amendments to the 1925 Act.
