Subject: Ravalli County Airport Expansion

and

Ravalli County Commissioners

Regarding: Extension of the Hamilton Airport

We are strongly in opposition to the extension of the Ravalli County Airport. This issue has been before the Ravalli County Commission for years and after hours of testimony in opposition and thousand of dollars of county money spent in promoting this proposal by the Commission, why is it still being pushed???

Commission Foss and Stoltz were both roundly defeated in the primary election for many reasons, but mostly for their ineptitude in making decisions for the good of all Ravalli County Residents.

Our county airport has been deemed safe and adequate for emergency needs of all the citizens.

We have paid dearly for the mistakes of Foss and Stoltz in their terms in office and we do not want to foot the bill for another one.

Expansion of the Ravalli County Airport is not needed. We strongly oppose it.

Sincerely,
John and Darlene Grove
