Subject: [EXTERNAL] Trash regs

Hello,

I'm trying to find the right avenues for getting regulations/enforcement in place for trash cans being left out 365 days a year.

Bitterroot Disposal has sent out letters reminding these customers to return bins back to their property. Nothing happened. They complained they got a letter.

I've reached out to the sheriff's office to see if it could be considered a nuisance, littering, hazard or anything they can enforce. They said no.

I reached out to local politicians and they recommended it be taken care of through the Board of Health.
