RE: East Fork Bitterroot Road Safety Project

Dear Greg;

Please allow this letter to serve as Ravalli County's third request for a time extension to the East Fork Bitterroot Road Safety Project PFH 78(1) until August 31, 2014. Because of cool and wet weather the paving and chip seal has not been done. This new date should allow for proper paving and chip seal that needs to be performed during summer weather.

If you have any questions please contact our office at the above number.

Sincerely,

Greg Chilcott, Chairman
