To: County Commissioners

From: Carla Albert
President, Ravalli County Park District #2 Board

RE: New Board Member

The board has had an opening since Terry Towner resigned. We have found another individual that has expressed an interest in serving on the board and we would like to appoint him to the position.

He is Paul Wilson who has lived in the valley for sixteen years raising his children who have participated in pool activities over the years. He and his wife currently have two children involved at the BAC on a regular basis. He hopes to help the Aquatic Center continue to benefit the community as a place of recreation and exercise. It is his goal to help with the future improvement of the facility and to help it grow as a strong part of the community.

We ask that you accept our recommendation and approve Paul Wilson to serve on the Ravalli County Park District #2 Board.

Thank you for your consideration.

Carla Albert
