RE: Lands Exchange

Dear Mr. Thomas,

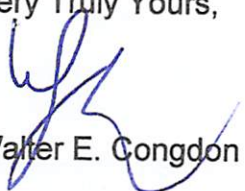

Mineral County received a copy of the August 8, 2022 letter to you from Lake County. We appreciate the concerns they expressed in the letter.

Similarly, the lands traded affect citizens of Mineral County and affect our local tax base, depending upon what trades occur. Mineral County looks toward participation in these discussions and also need information regarding the exchanges.

The direct impacts upon Mineral County relate to lands traded to the DNRC for lands on the reservation.

We would appreciate a copy of the checklist referenced in the Lake County letter relating to the CSKT July 28, 2022 minutes.

Very Truly Yours,

Walter E. Congdon

CC: Western Counties
