Subject: [EXTERNAL] Montana Election Fraud - The Moment of Truth Summit

Dear Commissioners,

Pleaser review this presentation regarding the voter fraud in Montana. You must eliminate all voting machines to prevent this rampant fraud in Montana! We deserve a fraud free election process with paper ballots and hand counting of the votes.

I will be asking the county Sheriff to investigate whether you are complicit in conducting a fraudulent election using voting machines that have been proven to manipulate the integrity of the public vote. You have refused to conduct a complete forensic audit of the 2020 election and you must be held accountable for you refusal to address the fraud exposed in the votes of that election.

I am requesting you all to provide to me a copy of the Cast Vote Record for the 2020 election and for the resent primary election. If you can't, or won't provide that record please provide instruction for me to file a request for those records.

Thank you,

Charles Jordet
