Hello,

Robert Peccia & Associates (RPA), in partnership with the Montana Department of Transportation (MDT), have started a roadway study between Lolo and Florence on US Hwy 93 south of Missoula.

The project team is looking to meet with businesses, residents and stakeholders to learn more about their experiences throughout the corridor.

Project team members are available to meet in person, via phone or video call at the end of September.

Please contact Public Involvement Coordinator, Becca MacLean, at becca@bigskypublicrelations.com to schedule a meeting, ask questions and/or provide feedback to the project team.
