**Subject:** [EXTERNAL] Stevensville North, September 30 update + thank you

Hello Stevensville friends and neighbors,

Thank you to the virtual and in-person open house attendees last week. If you missed the event, please feel welcome to view the recording of the virtual open house [linked here](#).

The Montana Department of Transportation (MDT) is continuing to prepare for the **North of Stevensville-North project**. This project will **reconstruct nearly 6 miles of Secondary 203** (Eastside Highway), **enhancing safety features** and **making the highway a** more efficient travel experience. It will provide:

- 12-foot-wide travel lanes
- 12-foot-wide center left-turn lane
- 4-foot-wide shoulders
- Safer roadside slopes and ditches
- Improved road surfacing and drainage
- Reconstruction of the 90-degree horizontal curves at Rathbun Lane with a large radius curve
- A 4-legged roundabout at Ambrose Creek Road

MDT will continue listening to public feedback and provide regular updates as right-of-way acquisition continues and construction approaches.

Please reach out with any questions. We aim to ensure that residents and travelers are kept fully updated throughout the project. If you would like to receive regular updates on this project or have questions, please email me at [becca@bigskypublicrelations.com](mailto:becca@bigskypublicrelations.com).

Respectfully,

Becca MacLean

Communications Manager
