Subject: Ravalli County Airport

This valley cannot support a bigger airport, the noise and air pollution would be horrific to our beautiful valley. We are too small for a bigger plane to land safely and there is a perfectly good airport 45 minutes away. For God's sake, the people who want this airport can just get up off their butts and use the airport Missoula. Do **NOT** ruin our beautiful valley with an airport that just a handful of people would use.
