**Importance:** High

Dear Commisioners,

Ravalli County citizen here. I have a growing concern which I'm hoping you might be able to convey possible solutions to. We've been in the valley now since 2015 and have seen noticeable growth in our area just north of Stevensville. During this time, nuisance barking has become a difficult pain between neighbors. Neighbors talking to neighbors just doesn't seem to be working anymore. This is not just a problem we've experienced but many people throughout the valley, especially those taking remote positions have increasingly experienced neighbors unwilling to work together to find amicable solutions to this issue.

I'm curious to know what if any solutions the commission might suggest helping those suffering from this problem.

Kind regards,

Shaun Clifton
