Hi,

I am writing this letter in support of the proposed improvements to the Ravalli County Airport. Our airport in Plains, Montana faced a similar dilemma about 10 years ago, a runway too short to serve the needs of the community. The air ambulances and SEATS tankers needed a longer runway for safe operation.

We were able to finish the project in 2006 and everyone in the community appreciates the improvements. I am sure this would be the case for the Ravalli County Airport.
