Land Management Plan Revision

Hello again!

I realize June is bringing a flurry of information your way. Thank you to those who were able to attend our Draft Assessment Round Table discussion on June 14 – we came away with a lot of information and ever-increasing shared knowledge. We are working to process all the information and input you shared!

I'm writing to address one key follow up that we are implementing right away. We heard the need for more discussion around the complex topic of species of conservation concern.
