Subject: [EXTERNAL] Final striping on US 93 south of Victor happening today. Traffic control in place.

CONSTRUCTION UPDATE

PROJECT UPDATE

Final striping on US Highway 93 (US 93) south of Victor is occurring today.

Earlier this summer, the Montana Department of Transportation (MDT) and its partner Riverside Contracting Inc. completed resurfacing activities on the Bear Creek Road – North project.

- Drivers should expect traffic control and brief delays when traveling through the project area.

PROJECT OVERVIEW

MDT and its partner Riverside Contracting Inc. are improving a section of US 93 and an adjacent section of the Bitterroot Trail in Ravalli County. The project begins a half mile north of the intersection with Bear Creek Road and extends approximately two miles north, ending south of Victor. The project will resurface the existing roadway to enhance safety features, provide a smoother driving surface, and reduce long-term maintenance costs. Work includes crack seal, chip seal, fog seal, and new pavement markings.

Make a Sober Ride Part of Your Labor Day Plans.

For many Montanans, Memorial Day weekend kicks off the start of summer travel, culminating with Labor Day weekend. Unfortunately, these summer months can also be some of the deadliest on Montana's roads due to increased motor vehicle crashes. As part of a nationwide "Drive Sober or Get Pulled Over" mobilization running from August 16, 2023, through September 4, 2023, law enforcement agencies and the Montana Highway Patrol (MHP) will be increasing patrols to watch for and stop impaired drivers on Montana's roadways. Before you make plans to travel for Labor Day weekend, plan for safe, sober transportation and insist your friends and family do the same. Remember to always buckle up before you go, as using your seat belt is your best defense against serious injury or death in the event you're in a crash.

This is a Vision Zero Message from the Montana Department of Transportation. Learn more about the goal of Vision Zero and impaired driving prevention here:

Before you make plans to travel this summer, commit to safe, lawful behavior and remain vigilant in sharing Montana's roadways with all system users. Never operate a motor vehicle while impaired. If you're driving a vehicle, buckle up before you go and insist your friends and family do the same. Using your seat belt is your best defense against serious injury or death in the event you're in a crash. This is a Vision Zero Message from the Montana Department of Transportation. **Learn more about the goal of Vision Zero here:** <https://www.mdt.mt.gov/visionzero/>

Please drive safely through the work zone – workers are regularly working alongside the roadway and shoulder. Traffic barriers are placed for the safety of drivers and workers. As you travel through the active work zone, please slow down, pay attention to the road and other drivers, follow the posted speed limit, and be on the lookout for construction workers. The Highway Patrol is actively patrolling the corridor.

Thank you very much for your patience as we work to complete the road reconstruction.

SLOW FOR THE  **ZONE.**
GIVE WORKERS A BRAKE.

Stay alert.
Better roads ahead!
