Land Management Plan Revision

Hello!

I am reaching out to announce that we have posted the *Revised Assessment* and *Draft Preliminary Need to Change* to the [Web Hub](#). These documents can now be found on the Assessment button in the “Key Resources Section”, at this [direct link](#). Carolyn Upton has also provided a Leader’s Message for you at this website location regarding her vision and expectations for the next steps in plan revision.

We are excited to share this work with you as a launching pad for plan development, and we will use these products to move forward and continue learning together.

I hope to see many of you at our upcoming workshop series: “*Vision for the Lolo: Desired Conditions, Land Allocations, and Suitabilities.*” You can find more information on these workshops and the rest of September’s engagements on the [Web Hub](#). Thank you for your interest and efforts in this process!

Amanda Milburn, Revision Team Leader
