THE **OUTSIDE** IS IN US ALL.

Please join the Montana Wildlife and Transportation Partnership (MWTP) for an upcoming webinar that dives deeper into the MWTP Project Program in time for the Program's upcoming November application cycle. This webinar will involve MWTP partners walking through the application sections and allowing for questions and answers, with a goal to help applicants better understand the documents and expectations for applications.

- **Webinar: MWTP Project Program Q/A - Tuesday, September 19, 4-6 p.m. MDT**

In April, the MWTP partners offered [two webinars](#) about the new opportunities for advancing wildlife accommodation projects on Montana highways; one on the statewide Project Program and the other on the innovative Planning Tool. Both were developed to inform and implement collaborative work seeking to prevent tragic and costly wildlife-vehicle crashes and to increase connectivity for Montana wildlife. Find out more about the Planning Tool and Project Program [here](#).

No registration is necessary. Access the webinar through the Zoom link below:
