Subject: [EXTERNAL] US 93: Missoula to Florence Corridor Study, Open House

Hello neighbors,

We hope you are enjoying the end of fall. The Montana Department of Transportation (MDT) and Robert Peccia & Associates (RPA) invite you to attend an open house to learn more about the status, findings, and proposed initial solutions of the US 93: Missoula to Florence Corridor Study. This study is investigating the best possible improvements to enhance safety, support growth within the area, and provide an improved travel experience for drivers.

To share US Highway 93 (US 93) corridor study details, the study team invites the media and general public to attend an in-person open house on Wednesday, November 29, from 5 to 7 p.m. in the Common Room at Lolo School, 5305 Farm Lane, Lolo, MT 59847.

A virtual event will also be via Zoom on November 30 at noon. Registration is required for the virtual event. Please [follow this link to register](#).

At the in-person event, study findings and initial solutions will be available, and study experts will be on hand to answer questions. Members of the public and media are welcome to stop by any time during the open house. No formal presentation will be made. The virtual session will include a presentation followed by a question-and-answer session. The same information will be provided at both open house sessions.

The corridor study will continue into next year, with final location-specific concepts shared tentatively by summer 2024. Feedback received from the open house events and public comments will directly influence the final improvement concepts.

With questions or for those unable to attend, we encourage you to connect with the study team via the website hosted by MDT at <https://www.mdt.mt.gov/pubinvolve/us93missoulaflorence/> or email me at becca@bigskypublicrelations.com to sign up for study updates via email. You are also welcome to call the study hotline Monday through Friday, 9 a.m. to 5 p.m., at 406-207-4484. To receive text message updates please text "MISSFLO" to 41411. *Message frequency may vary. Message and data rates may apply. Text STOP to cancel. Texting alerts are not managed by MDT and may have different privacy and security policies. For more information, see: <https://smstc.us/t41411/>.

Alternative accessible formats of this document will be provided on request. Persons who need an alternative format should contact the Office of Civil Rights, Montana Department of Transportation, 2701 Prospect Avenue, PO Box 201001, Helena, MT 59620. Telephone 406-444-5416 or Montana Relay Service at 711.

Take care,
Becca MacLean on behalf of the study team
