Subject: [EXTERNAL] Comments on the CWPP Update

Dear Commissioners,

I urge you to protect roadless areas, wildlife, and the value of carbon sequestration by trees in your CWPP plans. In these times of increased fire danger, I realize it is important to be prepared. But I ask you to consider encroachments into wild areas as a last resort, and to uphold the protection of these priceless and irreplaceable resources.

Thank you,
Peg Brownlee
Florence, MT
