**Subject:** [EXTERNAL] US 93: Missoula to Florence Corridor Study: Open House Follow Up

Hello Bitterroot Valley friends and neighbors,

Thank you to the US 93: Missoula to Florence Corridor Study virtual and in-person open house attendees. If you missed the events, please feel welcome to view the recording of the virtual open house and display boards [linked here](#).

The US Highway 93 (US 93) Missoula to Florence corridor is a priority for the Montana Department of Transportation (MDT). The study team appreciates the comments, feedback and questions received at the two open house events. Your participation is highly valuable in determining solutions for the corridor.

All comments and concerns gathered through discussion and comment cards will be noted as part of the study findings. Public feedback is a vital step towards determining potential solutions.

MDT and Robert Peccia & Associates (RPA) will continue gathering your feedback and corridor traffic data with respect to potential corridor solutions. In 2024, the study team will host a third set of public meetings to share identified location-specific solutions with you. Updates will be provided as the study progresses and as public meetings are scheduled.

Additional feedback or questions are welcomed throughout the duration of the study. With questions or feedback as the study progresses, please email [becca@bigskypublicrelations.com](mailto:becca@bigskypublicrelations.com).

Prefer to ask a question or submit feedback via phone? Call 406-207-4484.

*To sign up for text updates, text MISSFLO to 41411. Message and data rates may apply. Message frequency may vary. Text STOP to cancel. Texting alerts are not managed by MDT and may have different privacy and security policies. For more information, see: <https://smstc.us/t41411/>*

Respectfully,  
Becca MacLean  
Communications Manager  
*Missoula to Florence Corridor Study on behalf of RPA and MDT*
