Subject: ATTN: Ravalli County Airport

Mr. Norderud,

As a resident of Weber Estates in Hamilton, Montana, I am keenly aware of air traffic in the area. I strongly support the proposed Ravalli County Airport improvements. The primary reason for my support is safety. I am convinced that the proposed improvements, which would bring the airport up to FAA recommendations, are necessary for the safety of the flying public as well as other area residents. Secondly, I support the improvements because of the potential economic value to area businesses. These advantages, combined with financing by AATF, far outweigh any potential disadvantages. I cannot express my support for the needed expansion more strongly.

Best regards,

Eric
