Subject: Ravalli County Airport

Sir,

I own a hangar at the airport and also own 3 aircraft, from a Citation V , Cessna 414A ,and a Diamond motor glider, HK36. Their N numbers are N559BM, N5NM and N95BM. Total operations are over 100 per year for me and my partner Jeff Nelson. I spend approximately \$30,000.00 on fuel at Choice Aviation.

The improved runway will allow safer approaches for my jet and quieter operations for all 3. This modernization will help not only us pilots/owners but the entire community. It is time to bring the Ravalli County airport up to current standards.

Regards,

Bill Morton
