Happy New Year from Veterans Upward Bound!

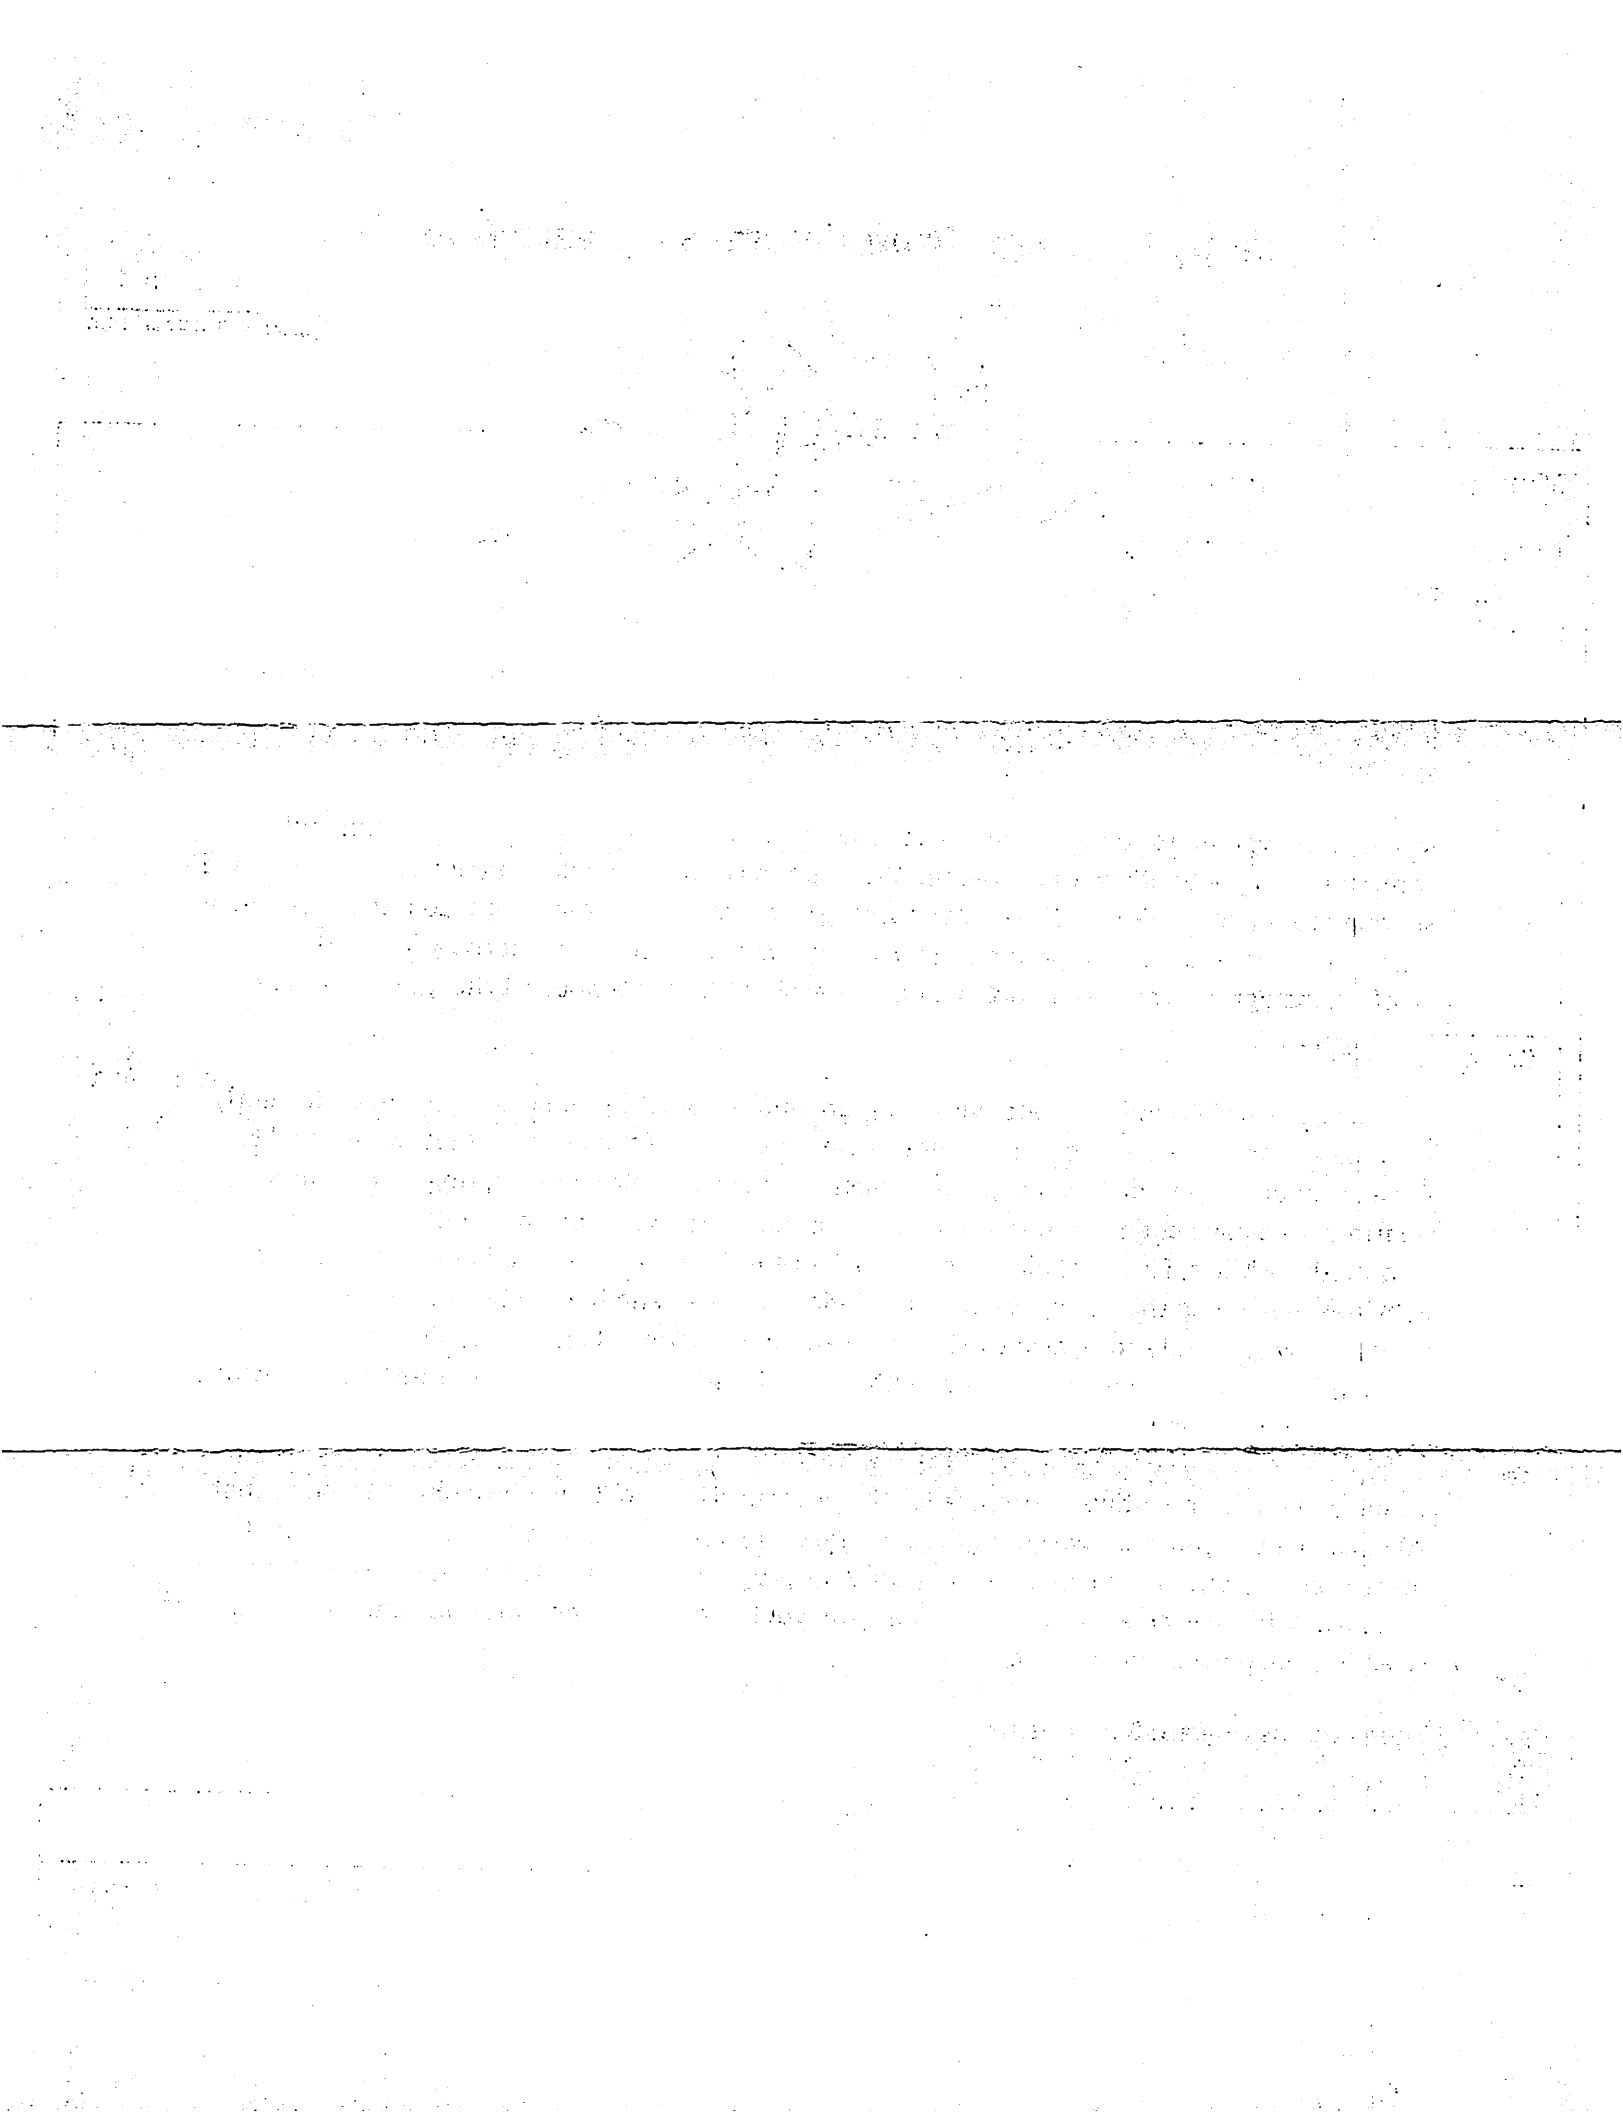

VUB has a lot to be thankful for and we are excited to see what 2024 brings our way! We have a lot new things planned for the new year and look forward to working with you and the veterans you serve!

In 2023, we worked to rebuild our service provider lists, verifying contact information and communicating regularly with everyone. We hope to continue building on our provider lists and sharing more information in 2024. Along with these efforts, we have improved our social media presence. Veterans Upward Bound is now sharing information on Facebook, X (formerly Twitter), Instagram, Threads, and YouTube. We will be starting a podcast this year, please be on the lookout.

Veterans Upward Bound is a state-wide program and we provide services year-round. Recently we took a look at the services and programs we offer. One of the changes that we decided to make, is offering remedial or college prep classes during the fall, winter, spring, and summer quarters. We have added additional classes throughout the year including Intro to Spanish, Intermediate Math, Financial Planning, and Science II. VUB has expanded our social/cultural activities, beginning this spring we will have indoor football and hockey tickets available. We will also have several short-term workshops planned for spring. Please keep an eye on the VUB website for this upcoming information. Other popular services that we continue to offer include the computer laptop Program, individualized tutoring services, and college planning.

Thank you for your continued support for the Veterans Upward Bound Program. We hope that 2024 can be the year that we strengthen our relationships with you and your organization. If there is ever anything we can do to support your program and the veterans you serve, please let us know. If there is an activity or class that you would like VUB to provide, we would be happy to assist you, please reach out to us.
