Daniel M. Morderud, AICP, Environmental Studies Division Manager

Dear Sir:

Please register my support for expansion and improvements of the Ravalli County Airport, Hamilton, Montana.

A well organized and modernized airport facility in my opinion is a tremendous asset to any community, large or small. Not only does it improve safety factors but also helps encourage and promote economic commerce and tourism. The Bitterroot Valley has a lot of outdoor sports opportunities that attract vacationers from around the world. An expanded and improved airport, I believe, will help promote and encourage visitors that otherwise would travel elsewhere.

Respectfully,

Edward H. Couchman, 118 Como Vista Lane, Hamilton, MT 59840

cc: Ravalli County Commissioners (attention County Airport)
