Subject: attention: Ravalli County Airport

Dear Dan Norderud and the Ravalli County Commissioners,
My husband and I would like to comment on the expansion of the Ravalli County Airport. This airport is small, but well suited for the size and shape of the valley floor. Just 41 miles away is the Missoula airport, which can take most larger aircraft. While wildlife and humans are not affected much from aircraft noise far above the valley floor, large planes coming in for landings are an interruption to our tranquil experiences fishing the Bitterroot or riding in the canyons on either side of the valley. We oppose expansion of the Ravalli County Airport and support the many small planes using the facility.

Thank you,

Bonnie and John Morgan
