The board has had an opening since Lloyd Reesman passed away. We have found another individual that has expressed an interest in serving on the board and we would like to appoint her to the position.

She is Mellen Cottell who has lived in the valley for the past 3 years retiring to our community after working for the Federal Government. She has been a patron of the therapeutic pool utilizing it in her recovery from a horse accident. She would like to serve on the board to assist its members in future years to oversee it as a first class aquatic facility in the Bitterroot Valley.

Thank you for your consideration.

President, Navajo County Park District #2 Board

RE: New Board Member

The board has had an opening since Lloyd Rossmann passed away. We have found another individual that has expressed an interest in serving on the board and we would like to appoint her to the position.

She is Ellen Correll who has lived in the valley for the past 3 years according to our records after working for the Federal Government. She has been a patron of the horseback riding facility if in her recovery from a horse accident. She would like to serve on the board to assist the members in future years to oversee it as a first class equestrian facility in the Glenwood Valley.

Thank you for your consideration.
