To whom it may concern :

Build it and they will come. There is not one positive outcome if the runway is extended except to allow the super rich to land their bigger jets. It would not be good for the community, the wildlife or the environment. The average citizen is against it. Our current county Commissioners are a bit biased and figureheads for the far right. Please do not believe all that they say. The Bitterroot Valley does not need a bigger airport per se when Missoula is 50 minutes away. Not a good idea.
