**Subject:** Ravalli County airport

I frequently fly to Ravalli Co. airfield for training and pleasure. I have always found this airport to be extremely welcoming while supporting a good and diverse amount of air operations. Consequently I believe the airfield is a real asset to the area.

As the Valley's population continues to grow we need:

Airport needs to be safe for 100% of the aircraft using our airport today requiring a 5200 foot runway.

A safe airport welcomes people to the valley. It is a gateway to increased economic activity in our valley.

Purchasing land to allow the airport to grow over the next 30 years.

Thank you,

Aaron Foster
